What lies behind the mask?

AVSECO's
**Passenger Profiling Techniques
Training Course 2019**
may "unmask" the unknown.

Join us on the next course - Free of charge!

AVSECO recognises the worldwide interest in, and effectiveness of Passenger Profiling to identify individuals who may pose a threat to Civil Aviation. AVSECO has been offering training to its staff and colleagues from other organisation in profiling and behaviour analysis for a number of years. Due to demand, AVSECO now offers **free of charge**, an interactive one day course as an introduction to profiling. The course will be of interest to personnel working at the airport but particularly Ground Handling Agents and airline staff.

The course covers:-

- What is profiling;
- Analytical elements of profiling;
- Limitations of Screening technology;
- How do you profile a passenger;
- Different types of passengers;
- Identifying passenger stress;
- Travel document checking;
- Understanding perceptions;
- Questioning techniques;
- Deception by passengers / characteristics of passenger dishonesty;
- Lie indicators;
- Case studies
